## Kindness cootie catcher template

Mini Eco Create your own cootie catcher with empty print. Once you have downloaded, printed and folded the craft, you can write in wealth, puzzles, games, or choose a message on the inside. Customizable Origami Oracle Printable from Mini Eco After reading wonder book, RJ Palacio, our family focuses on kindness. August Pullman stole my heart along with the hearts of millions of readers... including my 10-year-old child. This book was amazing and a huge hit in our house! Kind words don't cost much. Yet they do a lot. - Blaise Pascal This post may contain affiliate links. Please read my disclosure statement for more information. Choose Kindness: Wonder Book Cootie Catcher I created Choose Kindness Wonder Book Cootie Catcher to help inspire my baby kindness towards others. This activity is full of encouragement, because we used Mr. Browne's prescriptions from the book wonder. You know, Mr. Brown's rules play an important role in the book. Every month of the school year, Mr. Browne introduces a new regulation. For example; When given a choice between being right and being kind, choose a species. - Dr. Wayne Dyer Such a wonderful food for thought! Then I thought... why not create a partially empty cootie catcher, or origami seer so kids can write in their own prescriptions, just like Auggie and his classmates did! You want to do a study on wonder? Don't forget to check out the Brave Writer's Arrow Guide! It is full of passages for copying work, dictation, grammar lessons, punctuation, spelling, vocabulary, and prescription writing activities! If you're looking for more inspiring quotes and words of wisdom then don't forget to check out 365 Days of Wonder. He's a lovely companion to the book. Do all the good you can, by all means, all the ways you can, in all places, you can, at all times you can, all the people as you can, as long as you can. - John Wesley rule how to make wonder inspired paper oracle cut off the white edges of the square pattern that you printed. With the pattern facing down, fold all four corners towards the center. Be sure to keep an eye on your lines. Try to make them as straight as possible. Turn the formula so that Mr. Brown's commandments with astronaut helmets point upwards. Now fold the corners again to the center and make a smaller square. Next, fold the square in half so that the courage and character are on top. Make your fold. Then fold it in the opposite direction so that friendship and courage are at the top. Make another fold. Finally, place your fingers in the bottom of the paper and jump on it to form four conical shapes. Choose The Kindness cootie catcher is ready for! This is a participant only free to print! Subscribe to our mailing list and you will receive access to our free subscriber resources, including Choose Kindness: Wonder Book Cootie Catcher. OR you can buy on teachers to pay teachers! How to Play Select Kindness: Wonder Book Cootie Hold your Choose Kindness Cootie Catcher with two hands. Place your thumbs and index fingers in the cone shapes. The person who plays chooses one of the eye shots above. Either choose Courage, Character, Kindness or Friendship. Each image has a number associated with it. Open and close the cootie catcher alternating between the top and then across your fingers. For example; if you choose Kindness, open the cootie catcher 5 times. Then you choose one of the kindness actions inside the cootie catcher. The number above the action will tell you how many times to reopen and close the catcher cootie. Repeat the process as much as you like, although I recommend a total of 2-3 times. At the final selection, instead of counting out the numbers again, you'll open the flap to reveal one of Mr. Browne's rules and encouragement. Just watch the day and reach for the sun! - Polyphonic Spree How will you promote kindness? This is a participant only free to print! Christmas season is supposed to be a time to give, but mass commercialization vacation can kindness take the back seat it wants. This is especially true for young children who are easily affected by ads and store shows. My generally well-well-looked children can turn into greedy little creatures when faced with a pile of holiday catalogues! My husband affectionately calls me first and Gimme Gimmies when they trade their normally cute disposition for those that are whiny or demanding. I am sorry to say that this gimme-gimme behavior is often amplified during the Christmas season. Does any of this sound familiar to you? Giving is important for children to practice giving and kindness can help their children focus on blessings in life... instead of gift lists. We love to give as a family them through Random Acts of Kindness or Random Acts of Christmas Kindness. Have you heard of these fun activities? These are small acts, such as buying coffee for strangers or handing out sugar canes to the entire parking lot. While I love these fun random acts of kindness activities that generally require ME (the spend money or do most in sacrifice. Most activities require very few sacrifices from my children. I wanted my children to participate in activities that require victims of the size of the child and put them on their level. How to fold Cootie Catchers at Christmas I made a list of random acts of kindness for children that can be done by children without help (or very little help) from adults. Some examples of Christmas kindness cootie catchers: Help someone do a job or chore. Call a relative or friend just to say hello. Give your seat in line to someone else. Pick up the trash. To make the activity even more interesting for the kids I turned to the list of free print cootie catcher. These simple paper oracles are popular with elementary school students. Click HERE to get the Christmas kindness of Cootie Catcher. This is an easy Christmas craft for kids! The Cootie catcher offers fun holiday suggestions and 16 favors that encourage kids to get used to life. These little acts of giving are educator approved! Education Today suggests that parents should look for opportunities to serve others and teach children how to give by giving. Free Printable Cootie Catcher for Christmas Download PDF cootie catcher and cootie catcher folding instructions HERE. Tip: Printing oracles on matte photo paper is thicker than copy paper and prints with extra bright colors. This is a sturdy paper cootie catcher that can stand on small hands! Black and white version for coloring book This project is very popular with teachers who do not always have access (or budget) for color copies. I made a black and white version for children to color and use. Grab the black and white version and folding instructions HERE. Random acts of kindness We use our oracles at the dinner table, this gives us time to discuss activities with our children and brainstorming ideas. You can also select an item for breakfast, so the kids have all day to accomplish their task of kindness. Cross out or start each activity as your kids complete the challenge. This makes the game even more fun as kids have → hunt for unfinished business on the oracle and I promise kids want to pick a task out of these cootie catchers over and over again! Please read my disclosure statement for more information. The day I hooked up our cootie traps will forever be engraved in my memories. Hey, you want to figure out who you're going to marry? We just escaped to a freedom break. The fresh air was exciting for this fourth grade girl who struggled with the massive zivn and it was hard to keep her, opened after being closed all morning in a classroom with Eisenhower-Era boilers and steamed windows that prevented even a peek at the playground. But not as exciting as having a cool girl in my class (her name was Kim and she had this amazing assortment of scratch-n-stuff, glitter, and puffy stickers) to actually look her way and invite me into her inner circle. Dude, finding out who I'm going to marry was suddenly at the top of my list of facts I need to know. Because, of course, Kim knew things, and this would be an epic moment in my life. Kim pulled out just one piece of paper and deftly folded it into a square thing that resembled a posh napkin. Then, she took one of those 4-colored Bi pens (how cool were those?!?) and started writing the numbers and questions and names of the cutest boys in our class. Go ahead, pick one. The pressure! What if I picked the wrong number or question and stuck with a schmeduled? Gulp! After going through the cootie catch process, I found out I was going to marry Chip, my main slamming

at the time. We moved on to how many kids Chip and I would have (3-1 girl and 2 boys), picking my career (dentist), and having a seat as a home. Even though it was easy, I was addicted to a cootie catcher. Maybe you called them paper oracles? At my school, they were cootie catchers. I think the kids used the word cootie for pretty much everything they could. Or maybe it's just my blurry memory after those long days in an overheated classroom, bored of my mind. Ahem, I'll turn. Have you tapped into the fun of paper seers with your kids? Fun cootie catchers are super ways to engage kids and spark interactive joy. You can use these simple and affordable (often free!) paper activities to promote party, classroom, homeschool, family, and any special entertainment with children. Bonus points for being pretty cool in the process. Maybe not as cool as Kim, but it's the beginning of Getting cold with these 100 creative ideas and printables for fun cootie catchers (also known as paper origami seers) to use with their kids and students.
